TREE CARE TIPS

- (1) Immediately place tree in WATER. Trees need plenty of water. Never let the TREE go dry. A seal will form over the base of the tree and the tree will not take anymore water!!!
- (2) Trees like it COOL and SAFE. Do not place tree near heat source. Like heat vents, Fire Places, Televisions.!!!
- (3) Unplug lights when you go away and when you go to bed!!!
- (4) Always make sure all lights Cords and Connections are safe and in good conditions.
- (5) When the season is over the Tree can serve as a BIRD FEEDER or be made into mulch!!!
